SOCIAL IMPACT REPORT JUNE & JULY 2025

OPENING NOTE

Samruddhi Foundation:

Igniting Constitutional Consciousness Samruddhi Foundation, driven by the spirit of “Serving the Unserved” has taken a transformative step to build India’s first Constitutionally Literate District Jalna. Through our June-July Constitutional Awareness Camps, we reached thousands across villages and schools, decoding rights, duties, and vision for social justice. This isn't just a campaign it's a citizen awakening. In an era of noise, we chose awareness. In a system of gaps, we chose empowerment. This report reflects not numbers, but a movement bold, rooted, and deeply constitutional.

FOUNDER AND DIRECTOR

I, Pawan Mundhe, founded Samruddhi Foundation with a deep belief in the power of constitutional awareness and grassroots change. As a law student at National Law School, Mumbai, I felt a responsibility to bridge the gap between legal knowledge and everyday citizens. What began as a vision is now a growing movement. Alongside me, Zain Pathan and Samruddhi Mundhe serve as Directors of the Foundation. Together, we are committed to empowering communities, amplifying unheard voices, and building a future rooted in justice, equality, and constitutional values.

FACT & FIGURES

In just two months, the Samruddhi Foundation's Constitutional Awareness Campaign has created a ripple effect across Jalna and beyond: **10,000+ people** directly participated in our Constitution Awareness Sessions—students, teachers, villagers, and youth. These participants carried the message home, spreading awareness within their families and local communities. As a result, over **50,000 citizens** have gained a basic understanding of their legal rights and constitutional duties. The movement has reached **1,00,000+ people** through widespread social media, newspapers, editorials, YouTube, and Instagram making it a visible, growing public movement. This is not just outreach it's a shift in public consciousness.

PROGRAMME AND INITIATIVES

Constitutional Awareness Campaign Our flagship initiative aims to make Jalna the first Constitutionally Literate District in India. Through village camps, school sessions, and public dialogues, we break down the Constitution into accessible knowledge—empowering citizens to understand their rights, duties, and democratic power.

Youth Empowerment & Community Outreach We believe real change begins with young minds and engaged communities. Through initiatives like Jalna Bookies, we provide youth with the right stage and the right books fostering critical thinking, leadership, and reading culture. Our outreach efforts bridge gaps in awareness, inclusion, and opportunity.

THEORY OF CHANGE

We believe that awareness is the first step to empowerment. When people understand the Constitution they begin to claim their rights and reshape their realities.

INTERACTIVE SESSION

Our sessions turn classrooms and community halls into spaces of dialogue. Through stories, questions and real-life examples we make the law relatable and living.

LEGALLY CAPABLE

We don't just inform we equip. Citizens leave our sessions with the confidence to speak up, stand firm and seek justice.

IMPACT & SUCCESS STORIES

From Awareness to Action Stories That Define Our Constitutional Journey In just two months, our Constitution Awareness Campaign has reached over 10,000 citizens across schools, villages, and public spaces in Jalna. From students confidently reciting their Fundamental Rights to rural elders reflecting on Dr B.R. Ambedkar's teachings, change is visible and growing. One inspiring moment: A girl from a remote Zilla Parishad school, after attending our session, initiated a Constitution reading circle with her classmates proving that awareness, once sparked, becomes a movement. These stories aren't just outcomes; they are a glimpse into a more informed, inclusive, and constitutionally awake India that we are helping shape one citizen at a time.

TEAM & SUPPORT

Behind every successful movement is a committed team and unwavering support. At Samruddhi Foundation, our strength lies in our passionate volunteers, grassroots coordinators, educators, and well-wishers who believe in the power of awareness. From village youth to legal experts, each supporter brings purpose, energy, and vision to our cause. Together, we are not just running programs we are building a movement rooted in unity, service, and constitutional values.
